Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 17 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with sunny spells, turning chilly overnight.

Today:
A dry day with hazy sunshine at first, although most of the region will turn cloudier for a time. Cloud clearing during the afternoon with plenty of bright spells for many areas. Feeling mild especially in the southwest. Maximum temperature 16 deg C (61 deg F).

Tonight:
The evening continues dry with bright spells for most areas. Cloud developing in the north and pushing southwestwards overnight. Clear spells remain in places. Feeling chilly. Minimum temperature 5 deg C (41 deg F).

Thursday:
A dry and cloudy day with some sunny intervals across the region. More bright spells in the west, though staying cloudy in the east during the evening. Another mild day. Maximum temperature 14 deg C (57 deg F).

Outlook for Friday to Sunday:
Cloudy with showers to start on Friday then dry with sunny spells. Mostly cloudy with patchy light rain or drizzle on Saturday and Sunday. Mild at first but turning colder.
